

Registered Veterinary Nurse

Full and part time roles considered

Due to expansion and growth of the practice we are looking for an RVN to join our team of 4 RVNs.

We are an independent small animal practice in the heart of the Ribble Valley. We are an experienced four vet team offering both GP and some referral surgery/orthopaedic and ophthalmology services. We have 4 consulting rooms, 2 operating theatres, and also dental and imaging suites. We are an approved training practice with both 1st and 2nd year student veterinary nurses currently training with us.

The ideal candidate will be motivated and enthusiastic. Communication skills are essential as we are passionate about providing exceptional pet health care and customer service. The role involves all the usual nursing duties. A job description is available on request.

Competitive salary, CPD allowance, RCVS fees paid, the full time role would be over 4 days with a set day off a week, although part time positions will also be considered, 1 in 4 Saturdays until 12.30, no OOHs, 5 weeks holiday pro rata plus Bank holidays, Birthday leave, staff discount, medical insurance.

This is an exciting opportunity to be part of a small team. We would consider full or part time roles.

Closing date 10th January 2025

If you would like a job description or to submit a CV and covering letter contact management@bowlandvets.co.uk
